## Journal articles

- [1] B Brown, M E Dewey, and A P Day. An objective automated method for digitising pictorial material for computer manipulation. *Behavior Research Methods and Instrumentation*, 8:378–381, 1976. Impact factor 2.18.
- [2] M E Dewey, G M Stephenson, and A C Thomas. Organisational unit size and individual attitudes. *Sociological Review*, 26:125–137, 1978. Cited 3 times, Impact factor 0.79.
- [3] D R Rutter, G M Stephenson, and M E Dewey. Visual communication and the content and style of conversation. *British Journal of Social Psychology*, 20(1):41–52, 1981. Cited 28 times, Impact factor 1.69.
- [4] J Swain, G M Stephenson, and M E Dewey. Seeing a stranger: does eye-contact reflect intimacy? *Semiotica*, 42:107–118, 1982. Cited 2 times, Impact factor 0.2.
- [5] M E Dewey. Coefficients of agreement. *British Journal of Psychiatry*, 143(5):487–489, 1983. Cited 38 times, Impact factor 6.35.
- [6] A Chambwe, P D Slade, and M E Dewey. Behavioural patterns of alcohol use among young adults in Britain and Zimbabwe. *British Journal of Addiction*, 78(3):311–316, 1983. Cited 3 times, Impact factor 4.33.
- [7] I B Cookson, M S Muthu, A George, and M E Dewey. High dose neuroleptic treatment of chronic schizophrenic inpatients. *Research Communications in Psychology, Psychiatry and Behavior*, 8(4):305–315, 1983. Cited 4 times,.
- [8] P D Slade and M E Dewey. Role of grammatical clues in multiple-choice questions - an empirical-study. *Medical Teacher*, 5(4):146–148, 1983. Cited 3 times, Impact factor 1.49.
- [9] T G Powell, M E Dewey, C R West, and R Arnold. Fate of infants with transposition of the great arteries in relation to balloon atrial septostomy. *British Heart Journal*, 51(4):371–376, 1984. Cited 9 times, Impact factor 5.01.
- [10] D R Rutter, D C Pennington, M E Dewey, and J Swain. Eye-contact as a chance product of individual looking - implications for the intimacy model of Argyle and Dean. *Journal of Nonverbal Behavior*, 8(4):250–258, 1984. Cited 2 times, Impact factor 1.47.
- [11] M E Dewey. QS - a tool for general data input. *Software - Practice and Experience*, 14(12):1113–1121, 1984. Cited once, Impact factor 0.76.

- [12] N J Kemp, D R Rutter, M E Dewey, A G Harding, and G M Stephenson. Visual communication and impression-formation. *British Journal of Social Psychology*, 23:133–145, 1984. Cited 4 times, Impact factor 1.69.
- [13] M E Dewey. The quality of university departments of psychology - a correlational fallacy. *Bulletin of the British Psychological Society*, 37:37–38, 1984. Cited 2 times, Impact factor 0.35.
- [14] D Fielding, B Moore, M E Dewey, P Ashley, T McKendrick, and P Pinkerton. Children with end-stage renal failure: Psychological effects on patients, siblings and parents. *Journal of Psychosomatic Research*, 29(5):457–465, 1985. Cited 21 times, Impact factor 2.79.
- [15] G Elal-Lawrence, P D Slade, and M E Dewey. Predictors of outcome type in treated problem drinkers. *Journal of Studies on Alcohol*, 47(1):41–47, 1986. Cited 44 times, Impact factor 2.19.
- [16] J R M Copeland, M E Dewey, and H M Griffiths-Jones. A computerized psychiatric diagnostic system and case nomenclature for elderly subjects: GMS and AGE CAT. *Psychological Medicine*, 16(1):89–99, 1986. Cited 516 times, Impact factor 5.28.
- [17] P D Slade and M E Dewey. Development and preliminary validation of SCANS: A screening instrument for identifying individuals at risk of developing anorexia. *International Journal of Eating Disorders*, 5(3):517–538, 1986. Cited 64 times, Impact factor 2.71.
- [18] H F Young, R P Bentall, P D Slade, and M E Dewey. Disposition towards hallucination, gender and EPQ scores - a brief report. *Personality and Individual Differences*, 7(2):247–249, 1986. Cited 41 times, Impact factor 1.77.
- [19] M E Dewey. AS219 height balanced trees. *Journal of the Royal Statistical Society, Series C*, 35(2):220–226, 1986. Impact factor 1.14.
- [20] M E Dewey. TBLP - a simple preprocessor for tables. *Software - Practice and Experience*, 16(8):731–738, 1986. Cited once, Impact factor 0.76.
- [21] M E Dewey and J R M Copeland. Computerized psychiatric diagnosis in the elderly - AGE CAT. *Journal of Microcomputer Applications*, 9(2):135–140, 1986. Cited 74 times, Impact factor 1.32.
- [22] J R M Copeland, C McWilliam, M E Dewey, D Forshaw, R Shiwach, R Abed, M S Muthu, and N Wood. The early recognition of dementia in the elderly: a preliminary communication about a longitudinal study using the GMS-AGE CAT package (community version). *International Journal of Geriatric Psychiatry*, 1:63–70, 1986. Cited 15 times, Impact factor 2.48.
- [23] J R M Copeland, B J Gurland, M E Dewey, M J Kelleher, A M R Smith, and I A Davidson. Is there more dementia, depression and neurosis in New York? A comparative study of the elderly in New York and London using the computerised diagnosis AGE CAT. *British Journal of Psychiatry*, 151:466–473, 1987. Cited 105 times, Impact factor 6.35.
- [24] J R M Copeland, M E Dewey, N Wood, R Searle, I A Davidson, and C McWilliam. Range of mental illness among the elderly in the community: Prevalence in Liverpool using the GMS-AGE CAT package. *British Journal of Psychiatry*, 150:815–823, 1987. Cited 283 times, Impact factor 6.35.
- [25] D M Zausmer and M E Dewey. Tics and heredity. A study of the relatives of child tiqueurs. *British Journal of Psychiatry*, 150:628–634, 1987. Cited 6 times, Impact factor 6.35.
- [26] G Elal-Lawrence, P D Slade, and M E Dewey. Treatment and follow-up variables discriminating abstainers, controlled drinkers and relapses. *Journal of Studies on Alcohol*, 48(1):39–46, 1987. Cited 17 times, Impact factor 2.19.

- [27] H F Young, R P Bentall, P D Slade, and M E Dewey. The role of brief instructions and suggestibility in the elicitation of auditory and visual hallucinations in normal and psychiatric subjects. *Journal of Nervous and Mental Disease*, 175(1):41–48, 1987. Cited 53 times, Impact factor 1.78.
- [28] J R M Copeland, B J Gurland, M E Dewey, M J Kelleher, A M R Smith, and I A Davidson. The distribution of dementia, depression and neurosis in elderly men and women in an urban-community: assessed using the GMS-AGECAT package. *International Journal of Geriatric Psychiatry*, 2(3):177–184, 1987. Cited 18 times, Impact factor 2.48.
- [29] G Kiemle, P D Slade, and M E Dewey. Factors associated with abnormal eating attitudes and behaviors - screening individuals at risk of developing an eating disorder. *International Journal of Eating Disorders*, 6(6):713–724, 1987. Cited 12 times, Impact factor 2.71.
- [30] N Eisenberg, R G Owens, and M E Dewey. Attitudes of health-professionals to child sexual abuse and incest. *Child Abuse and Neglect*, 11(1):109–116, 1987. Cited 43 times, Impact factor 2.07.
- [31] C F Sullivan, J R M Copeland, M E Dewey, I A Davidson, C McWilliam, P Saunders, V K Sharma, and L N P Voruganti. Benzodiazepine usage amongst the elderly: Findings of the Liverpool community survey. *International Journal of Geriatric Psychiatry*, 3(4):289–292, 1988. Cited 8 times, Impact factor 2.48.
- [32] M E Dewey, I A Davidson, and J R M Copeland. Risk factors for dementia: Evidence from the Liverpool study of continuing health in the community. *International Journal of Geriatric Psychiatry*, 3(4):245–249, 1988. Cited 15 times, Impact factor 2.48.
- [33] K C M Wilson, R Whiteoak, M E Dewey, and J P Watson. Problem drinking in a military endoscopy clinic. *British Journal of Addiction*, 83(9):1063–1068, 1988. Cited 2 times, Impact factor 4.33.
- [34] I A Davidson, M E Dewey, and J R M Copeland. The relationship between mortality and mental disorder: Evidence from the Liverpool longitudinal study. *International Journal of Geriatric Psychiatry*, 3(2):95–98, 1988. Cited 61 times, Impact factor 2.48.
- [35] C McWilliam, J R M Copeland, M E Dewey, and N Wood. The Geriatric Mental State Examination as a case-finding instrument in the community. *British Journal of Psychiatry*, 152:205–208, 1988. Cited 23 times, Impact factor 6.35.
- [36] J R M Copeland, M E Dewey, A S Henderson, D W K Kay, C D Neal, M A M Harrison, C McWilliam, D Forshaw, and R Shiwach. The Geriatric Mental State (GMS) used in the community: Replication studies of the computerized diagnosis AGECAT. *Psychological Medicine*, 18(1):219–223, 1988. Cited 105 times, Impact factor 5.28.
- [37] M E Dewey, C E Dickinson, T K Foreman, and J D G Troup. Back pain, ventilatory function, chest symptoms, and smoking. *Journal of Spinal Disorders*, 2(4):241–248, 1989. Cited 7 times, Impact factor 1.57.
- [38] M A Cormack, R G Owens, and M E Dewey. The effect of minimal interventions by general practitioners on long-term benzodiazepine use. *Journal of the Royal College of General Practitioners*, 39(327):408–411, 1989. Cited 25 times, Impact factor 2.19.
- [39] S J Leinster, J J Ashcroft, P D Slade, and M E Dewey. Mastectomy versus conservative surgery: Psychosocial effects of the patient's choice of treatment. *Journal of Psychosocial Oncology*, 7(1-2):179–192, 1989. Cited 28 times, Impact factor 0.98.

- [40] P A Saunders, J R M Copeland, M E Dewey, I A Davidson, C McWilliam, V K Sharma, C Sullivan, and L N P Voruganti. Alcohol use and abuse in the elderly: Findings from the Liverpool longitudinal study of continuing health in the community. *International Journal of Geriatric Psychiatry*, 4(2):103–108, 1989. Cited 22 times, Impact factor 2.48.
- [41] K C M Wilson, R Whiteoak, M E Dewey, and J P Watson. Aspects of personality of soldiers presenting to an endoscopy clinic. *Journal of Psychosomatic Research*, 33(1):85–91, 1989. Cited 16 times, Impact factor 2.79.
- [42] J M Deadman, M E Dewey, R G Owens, S J Leinster, and P D Slade. Threat and loss in breast cancer. *Psychological Medicine*, 19(3):677–681, 1989. Cited 22 times, Impact factor 5.28.
- [43] M E Dewey. A note on the computation of Cohen’s kappa. *British Journal of Mathematical and Statistical Psychology*, 42:191–195, 1989. Cited once, Impact factor 1.3.
- [44] M Conway, I A Davidson, and M E Dewey. Who uses a day hospital and for how long: a Liverpool study. *Bulletin of the Royal College of Psychiatrists*, 13:62–65, 1989. Impact factor 0.73.
- [45] P A Johnson, R G Owens, M E Dewey, and N E Eisenberg. Professionals’ attributions of censure in father-daughter incest. *Child Abuse and Neglect*, 14(3):419–428, 1990. Cited 11 times, Impact factor 2.07.
- [46] P D Slade, M E Dewey, G Kiemle, and T Newton. Update on SCANS: A screening instrument for identifying individuals at risk of developing an eating disorder. *International Journal of Eating Disorders*, 9(5):583–584, 1990. Cited 15 times, Impact factor 2.71.
- [47] D Thorp, R G Owens, G Whitehouse, and M E Dewey. Subjective experiences of magnetic resonance imaging. *Clinical Radiology*, 41(4):276–278, 1990. Cited 30 times, Impact factor 1.71.
- [48] J R M Copeland, M E Dewey, and H M Griffiths-Jones. Dementia and depression in elderly persons: AGE-CAT compared with DSM-III and Pervasive illness. *International Journal of Geriatric Psychiatry*, 5(1):47–51, 1990. Cited 67 times, Impact factor 2.48.
- [49] P D Slade, M E Dewey, T Newton, D Brodie, and G Kiemle. Development and preliminary validation of the body satisfaction scale BSS. *Psychology and Health*, 4:213–220, 1990. Cited 76 times, Impact factor 1.89.
- [50] M E Evans, J R M Copeland, and M E Dewey. Depression in the elderly in the community: Effect of physical illness and selected social factors. *International Journal of Geriatric Psychiatry*, 6(11):787–795, 1991. Cited 19 times, Impact factor 2.48.
- [51] M E Dewey. How should prevalence be modelled? *Acta Psychiatrica Scandinavica*, 84(3):246–249, 1991. Cited 2 times, Impact factor 4.38.
- [52] P A Saunders, J R M Copeland, M E Dewey, I A Davidson, C McWilliam, V Sharma, and C Sullivan. Heavy drinking as a risk factor for depression and dementia in elderly men: Findings from the Liverpool longitudinal community study. *British Journal of Psychiatry*, 159:213–216, 1991. Cited 113 times, Impact factor 6.35.
- [53] J R M Copeland, M E Dewey, and P Saunders. The epidemiology of dementia: GMS-AGE-CAT studies of prevalence and incidence, including studies in progress. *European Archives of Psychiatry and Clinical Neuroscience*, 240(4-5):212–217, 1991. Cited 36 times, Impact factor 3.18.
- [54] C Hooijer, C Jonker, M E Dewey, W van Tilburg, and J R M Copeland. A standardized interview for the elderly (GMS): Reliability studies comparing the Dutch language version with the original. *International Journal of Geriatric Psychiatry*, 6(2):71–79, 1991. Cited 38 times, Impact factor 2.48.

- [55] R P Bentall, S Kaney, and M E Dewey. Paranoia and social reasoning: An attribution theory analysis. *British Journal of Clinical Psychology*, 30(1):13–23, 1991. Cited 82 times, Impact factor 2.01.
- [56] G A Baker, D F Smith, M E Dewey, J Morrow, P M Crawford, and D W Chadwick. The development of a seizure severity scale as an outcome measure in epilepsy. *Epilepsy Research*, 8(3):245–251, 1991. Cited 121 times, Impact factor 2.24.
- [57] D F Smith, G A Baker, M E Dewey, A Jacoby, and D W Chadwick. Seizure frequency, patient-perceived seizure severity and the psychosocial consequences of intractable epilepsy. *Epilepsy Research*, 9(3):231–241, 1991. Cited 118 times, Impact factor 2.24.
- [58] G A Harmon, R G Owens, and M E Dewey. Factors affecting rapists and nonrapists perceptions of the likelihood of sexual-activity. *International Journal of Offender Therapy and Comparative Criminology*, 35(3):217–224, 1991. Cited 2 times, Impact factor 0.95.
- [59] J K O'Regan, M E Dewey, P D Slade, and B B J L Lovius. Self-esteem and aesthetics. *British Journal of Orthodontics*, 18:111–118, 1991. Cited 5 times,.
- [60] G T Ridley, K Clare, M E Dewey, and I A Davidson. Improving psychiatric day hospital attendance: a Liverpool intervention study. *Bulletin of the Royal College of Psychiatrists*, 15:471–472, 1991. Impact factor 0.73.
- [61] J R M Copeland and M E Dewey. Neuropsychological diagnosis (GMS-HAS-AGECAT package). *International Psychogeriatrics*, 3 (Supp):43–49, 1991. Cited 29 times, Impact factor 2.22.
- [62] D N Anderson, M T Abou-Saleh, J Collins, K Hughes, R J Cattell, CGB Hamon, J A Blair, and M E Dewey. Pterin metabolism in depression: An extension of the amine hypothesis and possible marker of response to ECT. *Psychological Medicine*, 22(4):863–869, 1992. Cited 30 times, Impact factor 5.28.
- [63] P G Booth, B Dale, P D Slade, and M E Dewey. A follow-up study of problem drinkers offered a goal choice option. *Journal of Studies on Alcohol*, 53(6):594–600, 1992. Cited 29 times, Impact factor 2.19.
- [64] B H Green, J R M Copeland, M E Dewey, V Sharma, P A Saunders, I A Davidson, C Sullivan, and C McWilliam. Risk factors for depression in elderly people: A prospective study. *Acta Psychiatrica Scandinavica*, 86(3):213–217, 1992. Cited 87 times, Impact factor 4.38.
- [65] J R M Copeland, I A Davidson, M E Dewey, C Gilmore, B A Larkin, C McWilliam, P A Saunders, A Scott, V Sharma, and C Sullivan. Alzheimer's disease, other dementias, depression and pseudodementia: Prevalence, incidence and three-year outcome in Liverpool. *British Journal of Psychiatry*, 161:230–239, 1992. Cited 239 times, Impact factor 6.35.
- [66] C Turrina, O Siciliani, M E Dewey, G C Fazzari, and J R M Copeland. Psychiatric disorders among elderly patients attending a geriatric medical day hospital: Prevalence according to clinical diagnosis. *International Journal of Geriatric Psychiatry*, 7(7):499–504, 1992. Cited 11 times, Impact factor 2.48.
- [67] M E Dewey, J R M Copeland, A Lobo, P Saz, and J L D a. Computerized diagnosis from a standardized history schedule: A preliminary communication about the organic section of the HAS-AGECAT. *International Journal of Geriatric Psychiatry*, 7(6):443–446, 1992. Cited 59 times, Impact factor 2.48.
- [68] B A Larkin, J R M Copeland, M E Dewey, I A Davidson, P A Saunders, V K Sharma, C McWilliam, and C Sullivan. The natural history of neurotic disorder in an elderly urban population. findings from the Liverpool longitudinal study of continuing health in the community. *British Journal of Psychiatry*, 160:681–686, 1992. Cited 39 times, Impact factor 6.35.

- [69] P A Saunders, J R M Copeland, M E Dewey, B A Larkin, and A Scott. ALPHA: The Liverpool MRC study of the incidence of dementia and cognitive decline. *Neuroepidemiology*, 11:S44–S47, 1992. Cited 12 times, Impact factor 2.31.
- [70] J R M Copeland, M E Dewey, I A Davidson, P A Saunders, and A Scott. Geriatric Mental State-AGECAT: Prevalence, incidence and long-term outcome of dementia and organic disorders in the Liverpool study of continuing health in the community. *Neuroepidemiology*, 11:S84–S87, 1992. Cited 11 times, Impact factor 2.31.
- [71] S Kaney, M Wolfenden, M E Dewey, and R P Bentall. Persecutory delusions and recall of threatening propositions. *British Journal of Clinical Psychology*, 31(1):85–87, 1992. Cited 71 times, Impact factor 2.01.
- [72] A Lobo, M E Dewey, J Copeland, J L D  a, and P Saz. The prevalence of dementia among elderly people living in Zaragoza and Liverpool. *Psychological Medicine*, 22(1):239–243, 1992. Cited 26 times, Impact factor 5.28.
- [73] H F Jackson, C A Hopewell, C A Glass, R Warburg, M E Dewey, and E Ghadiali. The Katz adjustment scale: Modification for use with victims of traumatic brain and spinal injury. *Brain Injury*, 6(2):109–127, 1992. Cited 27 times, Impact factor 1.52.
- [74] M E Dewey. Estimating the incidence of dementia in the community from prevalence and mortality results. *International Journal of Epidemiology*, 21(3):533–536, 1992. Cited 7 times, Impact factor 6.72.
- [75] M E Dewey. AS272 Box plots. *Journal of the Royal Statistical Society, Series C*, 41(1):274–284, 1992. Impact factor 1.14.
- [76] P A Saunders, J R M Copeland, B A Larkin, M E Dewey, A Scott, and P Woodall. Comparison of paper and laptop computer versions of the Geriatric Mental State (GMS-AGECAT). *Journal of Research Methods in Psychiatry*, 2:5–10, 1992. Cited 2 times, Impact factor 2.51.
- [77] G A Baker, C Carlisle, M Riley, J Tapper, and M E Dewey. The work environment scale: a comparison of British and American nurses. *Journal of Advanced Nursing*, 17:692–698, 1992. Cited 8 times, Impact factor 1.57.
- [78] M E Dewey. Algorithms for frequency distributions: efficiency and generality comparisons. *Statistics and Computing*, 2:213–220, 1992. Impact factor 1.62.
- [79] P A Saunders, J R M Copeland, M E Dewey, C Gilmore, B A Larkin, H Phaterpekar, and A Scott. The prevalence of dementia, depression and neurosis in later life: The Liverpool MRC-ALPHA study. *International Journal of Epidemiology*, 22(5):838–847, 1993. Cited 101 times, Impact factor 6.72.
- [80] C Turrina, M E Dewey, R Siani, F Saviotti, N Marchione, and O Siciliani. Performance of the Italian version of the Mini-Mental State Examination in day hospital geriatric medical patients. *International Journal of Geriatric Psychiatry*, 8(8):649–654, 1993. Cited 8 times, Impact factor 2.48.
- [81] C J Brabbins, M E Dewey, J R M Copeland, I A Davidson, C McWilliam, P Saunders, V K Sharma, and C Sullivan. Insomnia in the elderly: Prevalence, gender differences and relationships with morbidity and mortality. *International Journal of Geriatric Psychiatry*, 8(6):473–480, 1993. Cited 81 times, Impact factor 2.48.
- [82] B H Green, M E Dewey, J R M Copeland, P A Saunders, V Sharma, B Larkin, I A Davidson, and A Scott. Prospective data on the prevalence of abnormal involuntary movements among elderly people living in the community. *Acta Psychiatrica Scandinavica*, 87(6):418–421, 1993. Cited 3 times, Impact factor 4.38.

- [83] M E Dewey, C de la Cámara, J R M Copeland, A Lobo, and P Saz. Cross-cultural comparison of depression and depressive symptoms in older people. *Acta Psychiatrica Scandinavica*, 87(6):369–373, 1993. Cited 26 times, Impact factor 4.38.
- [84] M E Dewey, I A Davidson, and J R M Copeland. Expressed wish to die and mortality in older people: A community replication. *Age and Ageing*, 22(2):109–113, 1993. Cited 23 times, Impact factor 3.06.
- [85] M E Dewey. Authors have rights too. *British Medical Journal*, 306:318–320, 1993. Cited 12 times, Impact factor 14.35.
- [86] D Smith, G A Baker, G Davies, M E Dewey, and D W Chadwick. Outcomes of add-on treatment with lamotrigine in partial epilepsy. *Epilepsia*, 34(2):312–322, 1993. Cited 277 times, Impact factor 4.04.
- [87] D Smith, D Chadwick, G A Baker, G Davis, and M E Dewey. Seizure severity and the quality of life. *Epilepsia*, 34(Issue s5):S31–S35, 1993. Cited 44 times, Impact factor 4.04.
- [88] A Jacoby, G A Baker, D Smith, M E Dewey, and D Chadwick. Measuring the impact of epilepsy: The development of a novel scale. *Epilepsy Research*, 16(1):83–88, 1993. Cited 103 times, Impact factor 2.24.
- [89] G A Baker, D F Smith, M E Dewey, A Jacoby, and D W Chadwick. The initial development of a health-related quality of life model as an outcome measure in epilepsy. *Epilepsy Research*, 16(1):65–81, 1993. Cited 137 times, Impact factor 2.24.
- [90] B H Green, J R M Copeland, M E Dewey, V Sharma, and I A Davidson. Factors associated with recovery and recurrence of depression in older people: A prospective study. *International Journal of Geriatric Psychiatry*, 9(10):789–795, 1994. Cited 11 times, Impact factor 2.48.
- [91] C Turrina, R Caruso, R Este, F Lucchi, G Fazzari, M E Dewey, and A Ermentini. Affective disorders among elderly general practice patients. a two-phase survey in Brescia, Italy. *British Journal of Psychiatry*, 165:533–537, 1994. Cited 16 times, Impact factor 6.35.
- [92] S F Mitzman, P Slade, and M E Dewey. Preliminary development of a questionnaire designed to measure neurotic perfectionism in the eating disorders. *Journal of Clinical Psychology*, 50(4):516–522, 1994. Cited 42 times, Impact factor 1.73.
- [93] G A Baker, A Jacoby, D F Smith, M E Dewey, and D W Chadwick. Development of a novel scale to assess life fulfilment as part of the further refinement of a quality-of-life model for epilepsy. *Epilepsia*, 35(3):591–596, 1994. Cited 67 times, Impact factor 4.04.
- [94] G C Wood, R P Bentall, M Göpfert, M E Dewey, and R H T Edwards. The differential response of chronic fatigue, neurotic and muscular dystrophy patients to experimental psychological stress. *Psychological Medicine*, 24(2):357–364, 1994. Cited 27 times, Impact factor 5.28.
- [95] C Carlisle, G A Baker, M Riley, J Tapper, and M E Dewey. Stress in midwifery: a comparison of midwives and nurses using the work environment scale. *International Journal of Nursing Studies*, 31:13–22, 1994. Cited 14 times, Impact factor 2.23.
- [96] M A Boneham, P A Saunders, J R M Copeland, K Wilson, M E Dewey, and A Scott. Age, race and mental health: Liverpool’s elderly ethnic minorities. *Health and Social Care in the Community*, 2:113–116, 1994. Cited once, Impact factor 1.08.
- [97] C Gilmore, B H Green, J R M Copeland, M E Dewey, I A Davidson, P A Saunders, and V Sharma. Blood pressure as a risk factor for depression in elderly people: A prospective study. *Acta Psychiatrica Scandinavica*, 91(2):126–129, 1995. Cited 11 times, Impact factor 4.38.

- [98] P Saz, J R M Copeland, C de la Cámara, A Lobo, and M E Dewey. Cross-national comparison of prevalence of symptoms of neurotic disorders in older people in two community samples. *Acta Psychiatrica Scandinavica*, 91(1):18–22, 1995. Cited 11 times, Impact factor 4.38.

## Publications as member of group<sup>1</sup>

- [1] A Hofman and the EURODEM Prevalence Research Group. The prevalence of dementia in Europe: a collaborative study of 1980-1990 findings. *International Journal of Epidemiology*, 20:736–748, 1991. Cited 456 times, Impact factor 6.72.
- [2] W A Rocca and the EURODEM Prevalence Research Group. Frequency and distribution of Alzheimer’s disease in Europe: a collaborative study of 1980-1990 findings. *Annals of Neurology*, 30:381–390, 1991. Cited 294 times, Impact factor 10.37.

---

<sup>1</sup>Group publications where I was a member of the writing committee are included elsewhere as appropriate, these are ones where I was a member only of the study group. MRC-CFAS has produced other publications in which my intellectual contribution has been less, and I have not included them here. This includes the neuropathology study and the resource implications study

- [3] W A Rocca and the EURODEM Prevalence Research Group. The prevalence of vascular dementia in Europe: facts and fragments from 1980-1990 studies. *Annals of Neurology*, 30:817–824, 1991. Cited 127 times, Impact factor 10.37.
- [4] C Chadwick and the MRC Multicentre Cognitive Function and Ageing Study. The MRC multi-centre study of cognitive function and ageing: a EURODEM incidence study in progress. *Neuroepidemiology*, 11:S37–S43, 1992. Cited 25 times, Impact factor 2.31.
- [5] The Medical Research Council Cognitive Function and Ageing Study (MRC CFAS). Cognitive function and dementia in six areas of England and Wales: the distribution of MMSE and prevalence of GMS organicity level in the MRC CFA Study. *Psychological Medicine*, 28:319–335, 1998. Cited 157 times, Impact factor 5.28.
- [6] The Medical Research Council Cognitive Function and Ageing Study. The description of activities of daily living in five centres in England and Wales. *Age and Ageing*, 27(5):605–613, 1998. Cited 34 times, Impact factor 3.06.
- [7] The Medical Research Council Cognitive Function and Ageing Study (MRC CFAS) and Resource Implications Study (RIS MRC CFAS). Profile of disability in elderly people: estimates from a longitudinal population study. *British Medical Journal*, 318:1108–1111, 1999. Cited 59 times, Impact factor 14.35.
- [8] A E R Drummond, C J Parker, and on behalf of the TOTAL Study Group. Multicentre trials: planning and achieving TOTAL. *British Journal of Occupational Therapy*, 63:476–480, 2000. Cited once, Impact factor 0.88.
- [9] The Medical Research Council Cognitive Function and Ageing Study (MRC CFAS). Health and ill-health in the older population in England and Wales. *Age and Ageing*, 30:53–62, 2001. Cited 48 times, Impact factor 3.06.
- [10] M Prince, D Acosta, H Chiu, M Scazufca, M Varghese, and the 10/66 Dementia Research Group. Dementia diagnosis in developing countries: a cross-cultural validation study. *Lancet*, 361:909–917, 2003. Cited 225 times, Impact factor 35.4.
- [11] The 10/66 Dementia Research Group. Behavioral and psychological symptoms of dementia in developing countries. *International Psychogeriatrics*, 16:441–459, 2004. Cited 39 times, Impact factor 2.22.
- [12] F Matthews, C Brayne, and Medical Research Council Cognitive Function and Ageing Study Investigators. The incidence of dementia in England and Wales: findings from the five identical sites of the MRC CFA Study. *PLoS Medicine*, 2:e193, 2005. Cited 64 times, Impact factor 14.11.
- [13] J Xie, C Brayne, F E Matthews, and the Medical Research Council Cognitive function and Ageing Study collaborators. Survival times in people with dementia: analysis from population based cohort study with 14 year follow-up. *British Medical Journal*, 336:258–262, 2008. Cited 107 times, Impact factor 14.35.

## Books
